Dear Grants Manager,

In our role as the Board of Health, the Board of Riley County Commissioners is committed to the Riley County Health Department's vision, *Healthy People in a Healthy Community*.

We unanimously support the Health Department's proposal for funding by the Deihl Community Grants Program to support the provision of health services to youth and families enrolled in the Unified School District (USD) 383 Families in Transition (FIT) Program.

Please give the department's proposal careful consideration. We believe the work that proposal describes will improve the quality of life in Manhattan.

Sincerely,

Ronald Wells
