Wilson's Comments:

This week I just kept up with regular county email and study. I did have an impromptu speaking engagement Wednesday with a breakout session of students concerned about racial discrimination. I shared that the Law Board is looking into allegations of racial bias in policing, and shared my belief that for better racial integration it is important for people to go out of their way to get to know people of different backgrounds and show them they are valued and appreciated.

Rodriguez's Comments:

Came into the office and took care of some paper work on Wednesday November 1. While there, I participated in a conference call sponsored by the Heartland Work Force Center of Topeka.
